Subject: Drug Lab: Aztez/Mayan Heroin Blocks

Hi,

Bill, as we discussed yesterday at [REDACTED] case, I will do a quant (purity) one of the Heroin blocks with aztez/mayan logo. Just out of curiosity to determine the % of Heroin present. The confirmatory part of the sample/s should be completed by Monday.

Unfortunately, we just upgraded the software on the instrument, so I have to create a new Quant method and do some method development stuff. Hopefully, by the end of next week I should have an idea of the purity.

Let me know if you need anything else. Have a nice weekend.

Annie
